Agenda

Things we will cover

This presentation will cover some basics for those first engaging in the process, and go into potential new maps for the City of Victorville.

- Traditional Redistricting Criteria
- From COI to draft Maps
- City population / Demographics
- Five Draft Maps
- Next Steps

REDISTRICTING PARTNERS

California Fair Maps Act

Open and Fair redistricting process

The Fair Maps Act passed by the Legislature mandates a set of criteria we must follow when drawing district plans.

- Relatively equal size - people, not citizens
- Contiguous – districts should not hop/jump
- Maintain "*communities of interest*"
- Follow city and census designated place boundaries
- Keep districts compact – appearance/function

REDISTRICTING PARTNERS

From COI to Maps

With more cities and counties using community based redistricting, we move redistricting out into the public, with maps driven by Community of Interest testimony.

- **Input from community drives process** with multiple ways for the public to engage.
- **Rules for process** emphasize the importance of traditional criteria and minimizing divisions of neighborhoods.
- **Releasing maps for feedback** – today we will see plans to spark more public engagement.

REDISTRICTING PARTNERS

COI Testimony

- Keep Eagle Ranch together
- Consider school districts when drawing boundaries
- Keep neighborhoods and well established communities together
